Bibliography

1. **Abdel-Hafez, S. I.I., Ismail, M. A., Hussein, N. A. and Abdel-Hameed, N. A.(2012):** Fusaria and other fungi taxa associated with rhizosphere and rhizoplane of lentil and sesame at different growth stages. *Journal of acta mycologiwca Vol. 47 (1):* 35-48.
2. **Aggarwal, A.**, **Prakash, V., Sharma, D., Sharma, se., Sharma, sa., kaushish, s. and mehrotra, Helia R.S.(2009):** The mycoflora of sunflower rhizosphere in relation to soil fumigation. *Journal of Helia 32, Nr, 50,* : 77-84
3. **Amienyo, C.A. and Ataga, A.E.(2007):** Use of indigenous plant extracts for the protection of mechanically injured sweet potato[*Ipomoea batatas* (L.) Lam] tubers. *Scientific research and Essay vol. 2(5),*: 167-170.
4. **Ali, Farzana and Gaffar, A.(1991):** Effect of seed treatment with biological antagonists on rhizosphere mycoflora and root infecting fungi of soybean. *Journal of Pakistan Botany,* 23(2): 183-188.
5. **Ali, Farzana(1997):** Study of rhizosphere and rhizoplane mycoflora of soyabean. Ph.D. Thesis, faculty of Sci., *University of Karachi*
6. **Bais, H.P., Weir, T. L., Perry, L. G., Gilroy, S. and Vivanco, J. M.(2006)**: The role of root exudates in rhizospere interaction with plants and other organisms. *Annu. Rev. Plant by Biol. Oregon state university* : 233-266
7. **Cantrell, I. C. & Linderman, R. G.(2001):** Preinoculation of lettuce and onion with VA mycorrhizal fungi reduces deleterious effects of soil salinity. *Journal of plant and soil 233 :* 269-281.
8. **Garrett, S.D.(1963):** Book : Soil fungi and soil fertility; Root infecting fungi. *Pregamon press Oxford, New York, Toronto.* ISBN 0080104754 : PP. 133-160.
9. **Gardner, T., Asosta-Martinez, V., Senwo,Z. and Dowd, S.E..(2011):** Soil rhizosphere microbial communities and enzyme activities under organic farming in Albama. *Journal of diversity 2011, 3,* : 308-328.

10. **Guleri, S., Bhandari, B.S. and Saxena, S.(2010):** Ecology of rhizosphere and non rhizosphere soil mcoflora of forest soils. *Journal of International transactions in Applied Sciences January 2010, Volume 2, No. 1,*: 69-77.
11. **Gupta, P.K. (2007):** Book : soil, plant, water, and fertilizer analysis; Enumeration and isolation of soil micro-organisms. Agrobios(India) ISBN(13) : 978-81-7754-3063. PP. 178-183
12. **Gupta, R., Khokhar, MK and Lal, R.(2012):** Management of the black mould disease of onion. *Journal of plant pathol microb. vol(3) 5* : 1-3.
13. **Jaime, M.D.L.A., Hsiang, T., and McDonald, M.G. (2008)**: Effects of glomus intraradices and onion cultivar on *Allium* white rot development in organic soils in Ontario. *Can. Journal of plant pathol.* 30: 543-553.
14. **Jha, Anuradha., Kumar, Anil., Kamalvashi, madhavi and Shukla, Ashok(2011)**: Occurrence of arbuscular mycorrhizal fungi in rhizosphere of selected agroforestry tree species of Bundelkhand region. *Journal of indian phytopath. 64(2)*: 186-188
15. **Jocobes, J. L., Fasi, A. C., Ramette, A., Smith, J. J., Hammerschmidt, R., Sundin, G. W.(2008):** Identification and onion pathogenicity of *Burkholderia cepacia* complex isolates form the onion rhizopshere and onion field soil. *Journal of Appl. Environ. microbiol. 74(10)*: 3121-3129.
16. **Kumar, P. T. (2007):** Biological management of Alternaria blight of onion. ph.D.Thesis, University of agricultural sciences, Dharwad.
17. **Kumar, V., Rathnakumar, A.L. and Bagwan, N.B.(2012) :** Effect of crop residues and root exudates on mycelial growth, sclerotial formation, and sclerotium rolfsii-induced stem rot disease of groundnut. *Jouranl of indian phytopath. 65(3)* : 238-243.
18. **Martins, J. L., Jideani, I. A., Yusuf, I. Z. and Tahir, F. (2011):** Rhizosphere mycology of three maize varieties. *Journal of food, Agriculture & Environment Vol.9(1)*: 706-710.
19. **Matel Gabi-Mirela, Matei S.(2010)** : The comparative structure of fungal communities in rhizosphere of soybean treated with chemical and biological

agents for pathogens control. *Research journal of agricultural science,vol. 42(2)*. :81-85.

20. **Mehta, P., Walia, A., Chauhan, Anjali and Shirkot C.K.(2011) :** Accelerated solubillization of inorganic phosphate and production of antifungal activity in soil by plant growth promoting rhizobacteria isolated from apple rhizosphere. *Journal of mycol plant pathol, Vol. 41, No.3,* : 343-349.
21. **Miller, R.L. and Jackson, L.E.(1998):** Survey of vesicular-arbuscular mycorrhizae in lettuce production in relation to management and soil factors. *Journal of Agricultural Science, Combridge ,130,*:173-182.
22. **Morsy, S.M. , Drgham E., A. and Mohamed, G. M.(2009):** Effect of garlic and onion extracts or their intercropping on suppressing damping-off and powdery mildew diseases and growth characteristics of cucumber. Egypt *journal of phytopathol., Vo1. 37, No. 1,* : 35-46.
23. **Nihorimbere, V., Ongena, M., Smargiassi, M. Thonart, P. (2011):** Beneficial effect of the rhizosphere microbial community for plant growth and health. *Biotechnol. Agron. Soc. Environ.15(2),* : 327-337.
24. **Noveriza, Rita and Quimio, T. H.(2004) :** Soil mycoflora of black papper rhizosphere in the Philippines and their in vitro antagonism against *Phytophthora capsic*i L. *Indonesian. Journal of Agricultural Science 5(1)* : 1-10.
25. **Oyeyiola, G.P. (2009):** Rhizosphere mycoflora of okro (*Hibiscus esculentus*). *Research journal of soil Biology,1*:31-36.
26. **Pandey, A . Lok Man, S. Palni(2007):** The rhizosphere effect in trees on the Indian central Himalaya with special reference to altitude. *Journal of Applied Ecology and environment research5(1)*.:93-102.
27. **Rajana, Devi T. and Chhetry, GKN(2012):** Rhizophere and non-rhizosphere microbial population dynamics and their effect on wilt causing pathogen of pigeonpea. *International Journal of Scientific and Research Publications, Volume2, Issue 5. : 1-4.*
28. **Rajik ,M., Pathak, S.P., Biswas, S.K. and Prem, N. (2011):** Effect of organic amendment on soil microflora and soil borne diseases of potato. *Journal of Indan phyopath. 64 (3)* : 280-285.

29. **Reddy, M.S. and Rahe, J.E. (1989):** Growth effects associated with seed bacterization not correlated with populations of *Bacillus subtilis* inoculants in onion seedling rhizosphere. *Soil boil. Biochem. Vol. 21, No. 3,* : 373-378.

30. **Reddy, M.S. and Rahe, J.E.(1989)**: *Bacillus Subtilis* B-2 and selected onion rhizobacteria in onion seedling Rhizopheres: Effects on seedling growth and indigenous rhizosphere microflora. *Soil biol. blochem. vol. 21, No, 3.* : 379-383.

31. **Rizk, M. A.(2008):** Phytotoxic effect of *Calotropis procera* extract on seedling development and rhizosphere microflora of tomato plants grown in soil infested with *Fusarium oxysporum* f.sp.*Lycopersici*. *Journal of world applied sciences 3(3):* 391-397.

32. **Saler, R. S. (2012):** Tolerance of ceresan and difolatan by rhizosphere microfungi of groundnut (*Arachis hypogea* L.) C.V.SB-11. *International journal of science and nature. Vol. 3 (3)* : 702-704.

33. **Shekh, N.F., Mohrir, M.N. and Gachande, B. D. (2012)**: Soil mycoflora of some kharif (monsoon)crops of Nanded districts. *Science research reporter, Nanded vol. 2(3)*: 221-224.

34. **Siddiqui, R.W., Siddhikuzzaman, and Nadaf A. B. (2011):** Screening of basmati rice(*Oryza sativa* L.) rhizosphere fungi for 6 pentyl –α- pyrone- the principle coconut like aroma compound. *Advanced Biotech. vol. II (1) :31-04.*

35. **Stevens, R. B.(1974):** Book : Plant Disease; Host pathogen interactions. National Academy of Sciences. *The Ronald press company New York* : 127-137.

36. **Subba Rao, N.S. (1977):** Book : Soil micro-organisms and plant growth; The rhizosphere. *Oxford and IBH Publishing Co. New Delhi.* : 47-72

37. **Subba Rao, N.S. (1999):** Book : Soil microbiology; The rhizosphere and phyllosphere. *Oxford & IBH Publishing Co. New Delhi*. : 82-115

38. **Sule, l.O. Sule and Oyeyiola(2012):** Fungal population in the Root Region of Cassava Cultivar TMS 30572*. World Journal of Agricultural Sciences 8 (1):* 73-79.

39. **Tamilarasi, S. and Lakshmanaperumalsamy, P.(2007) :** Biodiversity of rhizosphere microorganisms of selected medicinal plants. *Asian Journal of microbiol. biotech. Env. Sc. Vol.9, No.(4)* : 1037-1042.

40. **Tariq, Marium., Dawer, S.; Mehdi, F. S**. (2008): Studies on the rhizosphere mycoflora of mangroves, University of Karachi. *Turk Journal Botany 32 :* 97-101.
